

MAANAS ANAND

NULAKAJODU

9949298449

maanasanad021@gmail.com

Student at Indian Institute of Information Technology,
SriCity, Chittoor

EDUCATION

B.Tech in CSE

IIIT Sri City, Chittoor

2023 - 2027

CGPA: 7.8/10

Intermediate (XII), MPC

Narayana Jr College, VJWD

2021 - 2023

Percentage: 94.50%

10th Class (SSC)

Sri Chaitanya School, GUNTUR

2020 - 2021

SKILLSET

- JavaScript
- CSS
- HTML
- React
- Python
- C Programming
- MongoDB
- Object-Oriented Programming (OOP)
- Java
- Node.js
- Express.js
- MySQL
- CSS3
- HTML 5
- Embedded C
- Microsoft 365
- Microsoft Azure
- Web development
- Frontend development
- Backend development

PROFILE

Aspiring IT professional and Undergraduate Student seeking an internship to apply and expand my technical skills in real-world projects. I am eager to grow professionally and make a meaningful impact as part of a collaborative team.

WORK EXPERIENCE

Full Stack Developer

Feb 2025 - May 2025

- Developed & conceptualized a dietitian website called "NutriConcept" for personalizing diet plans and weight reduction.
- Participated in developing a considerable amount of backend and frontend development of the website.

Programmer

Mar 2025 - Apr 2025

- Participated in defusing Bomb Labs of a considerable difficulty level.
- Performed Reverse Engineering to solve each phase of the six phases of the Bomb Lab.
- Prepared a report on the algorithm for optimizing the time complexity of a minimum constraint problem, such as Sudoku, using the Local Search Genetic Algorithm (LSGA).

Database Management Manager

Sep 2024 - Nov 2024

- Created some databases using MySQL.
- Gained experience to a certain level using MySQL and MongoDB as well.

Researcher

Mar 2025 - Apr 2025

- Prepared a report on the algorithm for optimizing the time complexity of a minimum constraint problem, such as Sudoku, using the Local Search Genetic Algorithm (LSGA).

SKILLSET

- Data Structures
- Algorithms
- APIs
- PHP
- AngularJS
- Angular 2.0
- Angular 7.0
- Bootstrap
- WordPress
- Amazon Web Services (AWS)
- Postgre SQL
- MS SQL Server
- Adobe Photoshop
- Ethical Hacking
- C++ Programming
- SQL
- Web Application Security
- UI & UX Design

EXPERTISE

- Quick Learner
- Self motivated
- Detail-oriented
- Adaptable
- Problem-Solving
- Creative Thinking
- System Analysys
- Critical Thinking
- Team-oriented
- Interpersonal skills
- Effective Communication

LANGUAGES

- English
- Hindi
- Telugu
- Tamil

TRAININGS / CERTIFICATIONS

Computer Programming

Aug 2023 - Nov 2023

- Learnt programming on a basic level and also a programming language such as C.

Computer Architecture

Jan 2024 - May 2024

- Learned the overall architecture of computers and their components.
- Learned to read and decipher assembly language

Signal And Systems

Jan 2024 - May 2024

- Learned about basic signal operations.
- Learned how to use programming environments such as Matlab

Data Structures and Algorithms

Jan 2024 - May 2024

- Learned basic data structures and algorithms.
- Learned the concepts of time complexity and space complexity

Python Programming - Udacity, Virtual

May 2024

- Learned the programming language Python.
- Learned Python's features and functionalities.

Database Management System

Aug 2024 - Nov 2024

- Learned how to create and use databases in MySQL.
- Learned to update and create functions and triggers in various databases.

Object Oriented Programming

Aug 2024 - Nov 2024

- Learned about object-oriented programming and its uses and applications.
- Learned the programming language Java.

Full Stack Development

Jan 2025 - May 2025

- Learned front-end development tools such as HTML, CSS, and JavaScript.
- Also learned to use APIs such as Express, Postman, and MongoDB.
- Learned how to build a website from scratch.

EXTRA CURRICULAR ACTIVITIES

Participated and Won:

- Sketching Competitions
- Face Painting Competition
- Movie Trivia
- Craft Competitions
